Quick and easy repair of the front axle with the

febi repair kit for the Mercedes front axle (all SLK, CLK, C class except from 4-Matic)

febi no. 23700

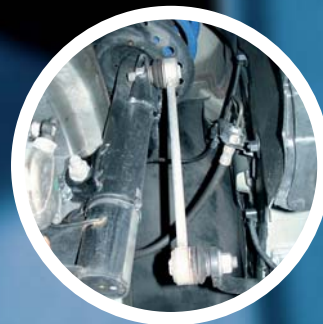

Comparison no. 203 330 39 11 S2

You can only purchase this practical repair kit on the aftermarket from febi bilstein! It contains all the parts required for the replacement of the front axle: two cross struts (right and left), two tie rods (right and left) as well as four attachment kits.

Your advantage in terms of quality: OE rubber bearings are additionally pressed into the cross struts in the febi production in Ennepetal.

Under the febi no. 23702, the repair kit is also available for vehicles with sports equipment.

Please ask your febi partner for spare parts by febi bilstein!
You will also find all spare parts at www.febi.com.
